

Rows::Rows

```
graph LR; A[Rows::Rows] --> B[Rows::toBinString]
```

A diagram showing a relationship between two identifiers. On the left, a gray rectangular box contains the text "Rows::Rows". A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "Rows::toBinString". Both boxes have a black border.

Rows::toBinString
